I have enclosed my entry fee. I understand the security of those items brought to my assigned space is entirely my responsibility. I know the role of the Village of South Elgin is simply to supply me with a selling space. I will not hold the Village of South Elgin, The Special Events Committee, the South Elgin Police Department or anyone connected to the festival responsible for loss or injury to myself or anyone helping me at my space. This includes set up and dismantling of your space. All vendors must have a State of Illinois sales tax license if applicable. Vendors are responsible for collecting and remitting sales tax if needed.

In the event 2 or more applications are received for the same business (such as Tupperware dealers), the one with the earliest postmark will be given the space. If your business dictates that only one vendor be at an event you will be responsible to call and verify if another vendor has a space reserved.
